

POLTYS DCC EX AND ENVIRONMENTAL MONITORING

How Does DCC EX Improve My Facility?

- **Increased Mobility:** Caregivers can receive alerts no matter where they are in your building
- **Shorter wait times:** Use reports to improve caregiver response time
- **Proactive Monitoring:** Administrators and/or owners can be notified by email or text message if a call for help is not answered
- **Atmosphere:** No noisy bells means a more home-like environment for residents
- **Market Your Community:** Show incoming families how good your caregiving services are

Polty's **Direct Care Connect EX** (DCC EX) can enhance your Senior Living facility automation with **Environmental Monitoring**.

Polty's offers a broad range of industry-proven environmental sensors like temperature transmitter, temperature/ humidity transmitter, and water detector transmitter.

TEMPERATURE TRANSMITTER

Reports temperature at user-defined intervals to monitor refrigerated food, vaccines and medications, activities of daily living and faucet temperature.

TEMPERATURE/ HUMIDITY TRANSMITTER

Reports temperature and humidity at user-defined intervals to monitor stored medications, activities of daily living and storage areas.

WATER DETECTOR TRANSMITTER

Alarms when probe detects ¼" of standing water to mitigate risk of damage due to leaks and overflows.

TEXT AND AUDIO NOTIFICATION

The alarm notifications are sent to DECT phones and mobile devices as text messages and audio announcements for smartphones.

Caregivers can select whether to accept or call back the resident just by pressing predefined buttons on the DECT phone keypad/ mobile device display.

Caregivers may ask for assistance from other colleagues through out the facility using mobile devices.

MOBILITY BY DCARE EX

The caregiver connects using a Employee PIN defined in DCC EX selects an escalation set (working zone) that serves on that day.

Voice announcements and text alarms are received by caregiver. Text alarms are simultaneously displayed and played back by caregiver mobile device.

Caregiver may accept or callback a predefined phone number by tapping specific buttons on the mobile device.

Once the alarm was cleared at the resident place the Caregiver can close it after the resident request was handled or it can further require assistance from Employees with other competences (Nurses, Doctors, Maintenance, etc).

PROFESSIONAL REPORTS

DCC EX takes advantage of Microsoft Excel capabilities, helping you identify performance and workflow trends.

DCC EX Reports use enriched text and tables formatting for information highlights, along with a large variety of charts.
